REGULATIONS – ALL SUBJECT TO ANY COVID PROTOCOLS IN PLACE AT THE TIME

On Sunday June 27th 2021, the Herefordshire and Mid-Wales section of the Vintage Motor Cycle Club will once again organise “**Herefordshire on the Edge**” - an enjoyable, non-competitive, long distance event, designed to challenge entrants’ riding and navigation skills and to test their machines over a wide range of surfaced roads. The event will be held under these Regulations and any subsequent instructions that may be issued before the event. The 5th running of this unique event will provide entrants with the opportunity to explore some remote and beautiful corners of one of Britain’s most scenic, historic but least visited counties. The locations of 24 waypoints spaced at roughly 5 mile intervals around the borders of Herefordshire will be published two weeks before the event, in the form of post codes, “what3words”, 6 figure grid references and DMM map co-ordinates. Riders should plan and follow their own route to visit a sufficient number of these waypoints in order to achieve either a bronze, silver or gold award. Code boards will be displayed clearly at each waypoint. Proof of passage is established by recording the codeboard information on a route card, which is given to competitors when they sign on at the start.

Four additional waypoints (including the start/finish) will be designated as Cardinal Points. To qualify for any award, entrants **must** visit all 4 Cardinal Points (North, South, East and West). The Cardinal Points, which are all pubs or cafes, are designated rest stops where entrants must dismount from their vehicles. Your custom would be a great way of thanking the owners for their assistance. Entrants must spend **at least 30 minutes at one of these stops**. Failure to comply will result in immediate disqualification. Proof of passage at the Cardinal Points will require route cards to be punched with an orienteering punch which will be located at the Cardinal Point.

Entrants may use any appropriate equipment to plan and follow their route (i.e. Satnavs are allowed). There will be no prescribed route, but information on the location of the waypoints, points of interest, fuel stations and refreshment stops, will be provided to all entrants. This is not a treasure hunt, our aim is to make these waypoints as simple to find and record as possible. The event is not timed, although any entrant deemed to have exceeded an average speed greater than 26 mph will be excluded from the awards. The shortest route visiting all 4 Cardinal Points and 24 waypoints (Gold Medal standard) will be around 160 miles. Final route details and code board locations will be sent electronically 2 weeks before the event and will also be available at the start.

Event newsletters will be published from time to time in the run up to the event, which will update these regulations and provide other helpful information to entrants.

2021 entry forms plus reports, photos and results of previous events can be found on our website <https://herefordmidwalesvmcc.org/wp/>

Following their successful introduction in 2018, at least 4 of the waypoints will have **alternative** locations, sited on non-damaging unsurfaced legal rights of way and possibly involving a water splash. Entrants choosing to visit all 4 of these alternative waypoints qualify for a ***“Herefordshire on the Ragged Edge”*** badge in addition to any other award they may earn. **NB these waypoints are alternatives and not additional ones.**

Awards will be presented when entrants finish the event. The decision of the Clerk of the course is final and absolute.

Results in Herefordshire on the Edge will count towards the VMCC Western Region Road Trial Championship.
